

#6 Cleaner & Restorer™, Quick Mix®

For cleaning and restoring floors
in a one-step process

MFG #	Description	Size	Units per carton
CEB0522QM	#6 Cleaner & Restorer™, Quick Mix®	Gallon	4 GL/CT

Features

- Outstanding floor cleaner
- Restores plasticizers and moisturizers to the floor finish
- Penetrates and lifts away soils while leaving a protective polymer behind
- Unsurpassed response to burnishing
- Concentrated so less product is used
- Improves any floor finish's blackmark and scuff resistance
- Will not yellow or discolor
- Prevents floor finish buildups caused by frequent recoating
- Reduces restoration labor time
- Clean and restore over 100,000 square feet of floor with each concentrated gallon
- Contains no alkyl phenol ethoxylates
- Packaged exclusively for use in ExpressMix™ and Quick Mix® dispensing systems

Business is Better with Corporate Express Brands

#6 Cleaner & Restorer™, Quick Mix®

#6 Cleaner & Restorer is a proprietary blend of cleaning agents and thermoplastic polymers which contain no zinc or other heavy metals to interfere with industrial waste water treatment facilities. Advanced finishes are rejuvenated without buildups or expensive recoating. Dirt and black heel marks are cleaned away while scratches and scuffs are filled with tough, durable and high gloss polymers. #6 Cleaner & Restorer improves overall appearance when used routinely with an autoscrubber or mop bucket and wringer. A monomolecular coating of thermoplastic polymers are left on the floor surface during the cleaning process. Superior gloss can be attained if the coating is burnished with ultra high speed equipment.

Physical Data

Physical form: opaque, light blue liquid
Odor: light peach
pH: 8.0
Film color: clear and colorless
Freeze/thaw stability: three cycles
Shelf life: 2 years in original unopened containers
Odor index: low

Performance Data

Dilution ratio: 1:256
Specular gloss (60°): 85 minimum when floor is burnished
Burnish response: outstanding
Slip resistance: Meets ASTM D-2047
Sediment: 0.08% By volume, maximum
Solubility in water: complete
Finish compatibility: excellent
Heavy metal content: contains no zinc or other heavy metals
