Dish Brite™

POWDERED MACHINE DISHWASH DETERGENT

Chlorinated Heavy Duty Powdered Machine Dishwash Detergent For All Types and Sizes of Dishwash Machines

PRODUCT DESCRIPTION

Dish Brite™ is designed for heavy duty machine dishwashing where high soil loads and stubborn stain problems are encountered. Dish Brite™ is ideal for use on stainless steel, china and is excellent for use on plastic dishware. Dish Brite™ is chlorinated to provide fast soil and stain removal. Dish Brite™ contains three alkaline builders for effective removal of heavy soil and grease. It contains surfactants and chelants for soil suspension and water softening. Cleans so thoroughly it helps prevent residues from settling on dishes.

DIRECTIONS FOR USE

Regular Machine dishwashing: Load dishwasher properly. Make sure items are dishwasher safe. Fill both cups. Fill all dispensing cups or use 1-ounce of Dish Brite™ per gallon of water in machines with reservoir tanks.

De-staining: Soak badly stained china or plasticware overnight in a solution of 6 ounces of Dish Brite™ per gallon of water.

Quarry Tile and Ceramic Tile Grout Cleaner/Brightener

Wet the soiled or greasy floor area. Sprinkle or pour Dish Brite™ onto the soiled floor surface and vigorously deck brush or machine scrub the floor and grout lines. Remove the soils from the floor by wet mopping or wet vacuuming the floor until the solution is removed. Rinse the floor area with clean water and wet vacuum or mop until the floor is clean and dry.

SPECIAL FEATURES

- Chlorinated to provide rapid stain removal including berry stains
- Colloidal cleaning action dissolves and suspends soil to prevent dish residues
- Rinses so thoroughly that virtually nothing is left but shine
- Mild enough to use on china, stainless steel and plastic dishware
- Formulated for all types and sizes of dishwashing equipment
- Just one ounce per gallon of water in dishwashing machines gives excellent results
- Three powerful detergents are combined to remove the toughest of soils and grease
- Alkaline is buffered to provide cleaning and grease removal sustainability
- Excellent de-staining properties provides solutions to nearly impossible problems
- Added advantage as a quarry and ceramic tile grout cleaner and brightener
- Packaged in environmentally responsible recyclable containers
- Highly concentrated to reduce inventory and in-use dilution costs
- Effective in hard or soft water

PACKAGE SIZES

CL120 40 LB Plastic Pails ONLY

PHYSICAL DATA

Physical Form	White granular powder
Fragrance	Fresh Natural Scent
Specific Gravity	2.20
Foam Level	Low
Shelf Life	2 years in original container
Freeze/Thaw Stability	2 full freeze-thaw cycles
Phosphates	Less than 3%
Surfactant Biodegradability	Complete
Solubility in Water	Complete

PERFORMANCE DATA

Removal of clay soils from dishes	Outstanding
Removal of organic oil from dishes	Outstanding
Removal of food residues	Outstanding
Removal of soft drink residues	Outstanding
Removal of grease from stainless	Outstanding
Removal of oils from countertops	Outstanding
Damage to china and plasticware	None Observed after 48 Hours soaking

These specifications were correct at the time of printing but are subject to change without notice
