Gold Power™

POWDERED HEAVY-DUTY DEGREASER

CONCRETE, QUARRY, CERAMIC AND OTHER SIMILAR FLOORS

Industrial Strength Powdered All Purpose Detergent-Degreaser with Oxygen Activation for Maximum Soil and Grease Removal From All Types of Stone Surfaces

PRODUCT DESCRIPTION

Gold Power™ is an industrial strength, low suds, highly concentrated all purpose detergent-degreaser for cleaning the toughest of soils from all types of stone surfaces including concrete, greasy kitchen floors, grimy service station or rest area restroom floors and auto garage surfaces. It is a free flowing granular alkaline compound that dissolves rapidly with cold or hot water to give you advanced and focused cleaning action right at the point of soil. Gold Power™ is specially formulated with a synergistic blend of ingredients including water softeners, corrosion inhibitors, color enhancers, soil suspension agents and degreasers.

DIRECTIONS FOR USE

1. First apply water to the soiled floor surface.
2. Sprinkle or spread 4-8 ounces of Gold Power™ uniformly on the floor where the water and soil are located. (4-8 ounces should be used on every 100-400 square feet of floor depending upon the soil type and soil load)
3. Allow the to soak on the floor surface for about 2-3 minutes.
4. Vigorously scrub the area with a stiff bristle deck brush or floor machine with scrubbing or stripping pads.
5. Rinse the area thoroughly with water and squeegee, wet vacuum or mop the floor until it is dry.

SPECIAL FEATURES

- Unique cleaning action dissolves and suspends soil to prevent soil redepositing
- Concentrated to save time and money
- Contains advanced degreasing and soil lifting ingredients
- Formulated to lift oil and grease out of concrete pores
- Helps restore tile grout to its original color
- Just 4-8 ounces will clean up to 400 square feet of concrete
- Five powerful detergents are combined to remove the toughest of soils and grease
- Industrial strength to handle the toughest and most stubborn greases
- Packaged in environmentally responsible recyclable containers
- Biodegradable surfactants
- Effective in cold, hot, hard or soft water

PACKAGE SIZES

CL191 40 LB Plastic Pails ONLY

PHYSICAL DATA

Physical Form	Yellow-Orange Dry Granular Powder
Fragrance	Pleasant Scent
pH (1%)	10.5-11.5
Specific Gravity	NA
Foam Level	Low
Shelf Life	2 years in original container
Freeze/Thaw Stability	2 full freeze-thaw cycles
Surfactant Biodegradability	Complete
Solubility in Water	Miscible

PERFORMANCE DATA

Removal of motor oils from concrete	Outstanding
Removal of transmission fluid from concrete	Outstanding
Removal of brake fluid from concrete	Outstanding
Removal of cooking oils from quarry tile	Outstanding
Removal of carbon deposits from concrete	Very Good
Removal of urine deposits from ceramic tile	Outstanding
Removal of rust stains from concrete	Very Good
