Orange Waterless™

PURE CITRUS DISTILLATE CLEANER

Provides a Safer Alternate to Replace Hazardous Petroleum Based Solvents

PRODUCT DESCRIPTION

Orange Waterless™ is a powerful, colloidal, organic citrus cleaner-degreaser with a natural citrus fragrance. It contains no water, oils, chlorinated solvents, petroleum solvents, silicates, phosphates, nitriloacetate, nitrates, caustics, acids or toxins. Special wetting agents in Orange Waterless™ penetrate, lift and remove tough greases, oils, dirt, clay and soil. Unique colloidal ingredients are attracted to and attach themselves to these dislodged particles. These particles are suspended in the solution and are unable to recombine or deposit onto the cleaned surfaces because of the repelling nature of the colloids. Once isolated and suspended, the particles are easily wiped away without leaving films or residues. The colloidal methods of cleaning described above replaces traditional petroleum based solvents, harsh detergents and dangerous solvent cleaning methods. Hundreds Of Uses: Orange Waterless™ is the most versatile cleaner of modern times. Use to remove chewing gums, greases, oils, road tar, blood, asphalt, putty, fresh paint and most modern adhesives. Use on aluminum, metals, wood, concrete, carpets, fabrics, ceramic tile, wallpaper, skin, plexiglass, porcelain, chrome and painted surfaces. The number of possible applications is unlimited. Fast Acting: It will usually dissolve on contact without scrubbing or mechanical action. This will save time and money. Even scuffmarks, lipstick, mascara, inks or crayon marks will instantly dissolve and disappear. Soap scums on bathtubs and showers will wash away without scrubbing or harsh acids. Orange Waterless™ will quickly remove: Asphalt, Adhesive Tape, Black Marks, Blood, Candle Wax, Cosmoline, Crayon Marks, Creosote, Duplicating Ink, Tar, Fresh Paint, Greases, Inks, Kitchen Grease, Label Glues and Adhesives, Lipstick, Masking Tape, Oils, Putty, Soap Scum, Scotch Tape, Shoe Polish, Road Tar and Exhaust Fan Residues.

SPECIAL FEATURES

- Colloidal cleaning action.
- Removes toughest soils and oils.
- Contains no water or petroleum solvents; ready-to-use.
- Also effective as a carpet spotter and reusable parts cleaner.
- Removes inks, graffiti and other tough soils.
- Natural citrus fragrance.
- Biodegradable, no phosphates.

PACKAGE SIZES

- PR34732 12-1 quart case
- PR3471 4-1 gallon case
- PR3479 55 gallon drum

PHYSICAL DATA

Physical Form:	Clear Liquid.
Fragrance:	Pleasant natural citrus.
pH:	Vegetable Solvent (No pH).
Weight per gallon:	7.33 lbs.
Foam Level:	None.
Shelf Life:	2 years in original container.
Freeze/Thaw Stability:	2 full freeze-thaw cycles.
Phosphates:	None.
Solubility in Water:	Insoluble.
Flash Point (COC):	Above 160 degrees F.

PERFORMANCE DATA

Removal of road tar from vehicles:	Outstanding.
Removal of inks and pencil marks:	Outstanding.
Removal of soot and carbon deposits:	Outstanding.
Removal of glues and adhesives:	Outstanding.
Removal of carbon paper smudges:	Outstanding.
Removal of greases on auto parts:	Outstanding.
Removal of greasy spots/stains on carpets:	Outstanding.
