## NEUTRAL pH MULTI-USE CLEANER

# 64

**HIGH PERFORMANCE ENVIRONMENTALLY PREFERABLE  
 NEUTRAL pH MULTI-PURPOSE CLEANER FORMULATED  
 FOR SENSITIVE SURFACES INCLUDING DAILY AUTOSCRUBBING  
 OR DAMP MOPPING OF HARD SURFACE FLOORS**

### PRODUCT DESCRIPTION

**Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** is a highly efficient cleaner for floors, walls, woodwork, and other washable surfaces where a neutral pH range solution is desirable.

The powerful cleaning agents in **Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** will quickly remove soils without dulling, damaging, etching or harming floor finishes even when used for daily applications. It is free rinsing and will leave no film or residues. It is safe for cleaning terrazzo, marble and other surfaces sensitive to low and high pH. This product is designed to also be used for daily autoscrubbing or damp mopping of hard surface floors.

**Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** has several advantages over conventional cleaners. It is safe, versatile, environmentally preferable without sacrificing performance. It will clean, degrease, brighten and deodorize floors, windows, walls, countertops, cabinets, carpets, toilets, urinals, sinks, partitions, ledges, ceilings, concrete, terrazzo, quarry tile, tile grouting, garbage cans, dumpsters, grease traps, floor drains, garbage disposals, malodors, cooking odors, light fixtures, mirrors, stainless steel, chrome, plastic, vinyl, glass, Formica, treated wood, leather, rubber, appliances, desks, porcelain, porcelain enamel and many, many other types surfaces not harmed by water. It is an effective odor neutralizer against the toughest malodors in grease traps, drains, tile grouting, garbage disposals, dumpsters, portable toilets and other places where unpleasant odors are found.

### SPECIAL FEATURES

- Meets strict environmental, health and safety criteria.
- All environmental, health and safety claims are 3rd Party Certified. See back page for Green Cleaning Scorecard.
- Concentrated to reduce waste and lower end use costs.
- Use as a daily autoscrubbing or damp mopping cleaner for hard surface floors including resilient, non-resilient and stone surfaces.
- Deep cleans hard floor surfaces to prolong the life of floor finishes
- Will not dull or damage floor finishes
- Leaves no sticky or soapy residues to discolor or attract soils.
- One gallon of **Coastwide Sustainable Earth® 64 Neutral Cleaner™** makes 256 ready-to-use gallons when dispensed from **Quick Mix®**.

### PHYSICAL DATA

<b>Physical Form:</b>	Clear, Yellow Liquid
<b>Odor:</b>	Low
<b>pH Range:</b>	6-8
<b>Foam Level:</b>	Ultra Low
<b>Concentrated:</b>	Reduces package waste
<b>Shelf Life:</b>	1 year minimum in unopened container
<b>Freeze/Thaw Stability:</b>	Excellent
<b>Solubility in Water:</b>	Complete

### PACKAGE SIZES

\*This product meets Green Seal's environmental standard for industrial cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

Right: **Quick Mix®** and **Handy Mix™** No Chemical Contact Insert.

## NEUTRAL pH MULTI-PURPOSE CLEANER

# 64

**HIGH PERFORMANCE MULTI-PURPOSE CLEANER FORMULATED TO MEET STRICT ENVIRONMENTALLY PREFERABLE REQUIREMENTS**

### SAMPLE LABEL DATA

#### PRODUCT DESCRIPTION

**Sustainable Earth® #64 Neutral pH Multi-Use Cleaner™** is a highly efficient cleaner for floors, walls, woodwork, and other washable surfaces where a neutral pH range solution is desirable. The powerful cleaning agents in **Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** will quickly remove soils without dulling, damaging, etching or harming floor finishes even when used for daily applications. It is free rinsing and will leave no film or residues. It is safe for cleaning terrazzo, marble and other surfaces sensitive to low and high pH. This product is designed to be used for daily autoscrubbing or damp mopping of hard surface floors.

**Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** has several advantages over conventional cleaners. It is safe, versatile, environmentally responsible without sacrificing performance. It will clean, degrease, brighten and deodorize floors, windows, walls, countertops, cabinets, carpets, toilets, urinals, sinks, partitions, ledges, ceilings, concrete, terrazzo, quarry tile, tile grouting, garbage cans, dumpsters, grease traps, floor drains, garbage disposals, malodors, cooking odors, light fixtures, mirrors, stainless steel, chrome, plastic, vinyl, glass, Formica, treated wood, leather, rubber, appliances, desks, porcelain, porcelain enamel and many, many other types surfaces not harmed by water. It is an effective odor neutralizer against the toughest malodors in grease traps, drains, tile grouting, garbage disposals, dumpsters, portable toilets and other places where unpleasant odors are found. **Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** is a safe and effective cleaner that is ideal for use in hospitals, schools, food service, kitchens, restrooms, shower rooms, hotels, gymnasiums, offices, lunchrooms, jails, fitness centers and virtually every other kind of facility. It can be applied with a mop/bucket, sponge, cloth, wiper, autoscrubber, carpet extractor, floor scrubber, pressure washer, squirt bottle or a sprayer.

#### DIRECTIONS FOR USE

This product is formulated to work effectively with cold water. Coastwide recommends that the product be used with cold water to help save energy used to heat water.

1. Dispense or mix **Sustainable Earth® 64 Neutral pH Multi-Use Cleaner™** according to dilution chart.
2. Apply solution to surface to be cleaned with autoscrubber, mop, cloth, sponge, pad or brush.
3. Agitation may speed up the cleaning action.
4. Once soils are loosened simply mop, wipe, wet vacuum or wash away with a cloth or water. No rinsing is necessary.

#### General Cleaning Dilutions

Mix ½ ounce per gallon of COLD tap water for most cleaning tasks.

#### DILUTION CHART FOR HANDY PAK™ ONLY

Handy Pak™ SE 64 (HD Spray & Wipe) .....	1:32
Handy Pak™ SE 64 (Scrubbing) .....	1:256
Handy Pak™ SE 64 (Damp Mopping) .....	1:512

#### Heavy Duty Cleaning Dilution

Mix 1 ounce per gallon of COLD tap water for extremely soiled surfaces.

#### QUICK MIX® DISPENSER USE INFORMATION

The **Quick Mix®** 128 fl. oz. containers are fitted with a no-chemical contact inserts. The **Quick Mix®** dispenser has variable dilution control if needed, but can be fitted with fixed dilution dispensing if needed.

**SAFETY NOTICE:** In event of questions please read and understand the MATERIAL SAFETY DATA SHEET (MSDS) for this product before proceeding with its handling or use.

**KEEP OUT OF REACH OF CHILDREN:** In case of medical emergency refer to the Material Safety Data Sheet and call your physician or the poison control center (800-808-4691).

**RECYCLING:** This product package including the container, closure, label and shipping carton are all designed to be recycled.

#### DISCLAIMER

**NOTICE:** Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and the user assumes all risk and liability whatsoever in connection therewith. No statement or recommendation not contained herein shall have any force or effect unless in an agreement signed by officers of seller and manufacturer. Buyer assumes all risk and liability associated with disposal.

### GREEN CLEANING SCORECARD™

- ✓ This product when diluted in cold tap water at a temperature of less than 50 degrees F meets the cleaning performance requirements of Green Seal GS-37.
- ✓ This product contains no ozone-depleting compounds, alkylphenol ethoxylates, dibutyl phthalate, heavy metals including arsenic, lead, cadmium, cobalt, chromium, mercury, nickel or selenium.
- ✓ This undiluted product contains no ingredients that are carcinogens or that are known to cause reproductive toxicity as defined by Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard.
- ✓ This product undiluted contains less than 1% volatile organic compounds and complies with California (CARB) Volatile Organic Compounds (VOC) Limits.
- ✓ The organic ingredients in this product exhibit ready biodegradability in accordance with the OECD definition. Biodegradability is measured by ISO methods in accordance with Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard.
- ✓ This product undiluted is not toxic to humans as defined by Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard. It has an Oral lethal dose 50 (LD<sub>50</sub>) of more than 2,000 mg/kg and an inhalation lethal concentration (LC<sub>50</sub>) of more than 20 mg/L.
- ✓ The product as used is not toxic to aquatic life. A compound is considered not toxic to aquatic life if its acute LC50 for algae, daphnia or fish is more than 100 mg/L using appropriate protocols in ISO 7346.2 for fish and in 40 CFR 797, Subpart B for other aquatic organisms.
- ✓ This product undiluted is not flammable or combustible. It does not have a measurable flash point when measured using both the Cleveland Open Cup and Pensky-Martens Closed Cup Testers.
- ✓ The primary package of this product is recyclable as defined in Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard. The corrugated carton used to transport this product is recyclable and made from 100% post consumer recycled materials. Coastwide has an active "closed loop container refilling system" and offers customers the option of returning the primary container of this product to be refilled rather than having it recycled or dumped into the solid waste stream.
- ✓ This product contains no 2-butoxyethanol or other glycol ethers and meets the Phosphate (phosphorus) limits of Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard.
- ✓ This product undiluted is not corrosive to skin or eyes as defined by Green Seal GS-37 Environmental Standard or SEGC 114 Sustainable Cleaning Product Standard.
- ✓ This product undiluted has a low potential to absorb through skin as determined by test methods specified by OPPTS 870.7600 for Dermal Penetration studies published by EPA.
- ✓ Colorants are added to help workers properly identify and differentiate cleaning products and helps simplify the training process.
- ✓ This product is formulated to work effectively with cold water. Coastwide recommends that the product be used with cold water to help save energy used to heat water.
- ✓ Coastwide Laboratories discourages animal testing. Coastwide uses results of past peer-reviewed or standard tests demonstrating compliance or non-animal (in-vitro) testing rather than animal testing whenever possible.
- ✓ The primary container label clearly and prominently states the recommended level of dilution for this product.
- ✓ This product undiluted is not a skin sensitizer, as defined by Green Seal GS-37 Environmental Standard or SEGC 114 Sustainable Cleaning Product Standard.
- ✓ This product undiluted has a Hazardous Material Identification System (HMIS) rating of 1 for Health, 0 for Flammability, 0 for Reactivity and requires no special conditions. The product as used has a Hazardous Material Identification System (HMIS) rating of 0 for Health, 0 for Flammability, 0 for Reactivity and requires no special conditions.

\*Refer to the most current Green Seal GS-37 Environmental Standard and SEGC 114 Sustainable Cleaning Products Standard for detailed descriptions of the preceding green cleaning claims and criteria. All claims and criteria listed above were reviewed and certified by an independent 3rd Party certifier and laboratory. The 3rd Party certifier was provided full disclosure of ingredients.
